## SPAIN INTERNSHIP

Carole Henaff  
Barcelona, Spain  
January - May 2023

During my third year of studying graphic design, I had the incredible opportunity to intern with Carole Henaff in Spain. Carole Henaff, a talented French graphic designer and illustrator located in Barcelona, became my mentor during this enriching experience. Under her guidance, I contributed to various compelling graphic design and illustration projects, including creating a poster for an annual women's rights day and crafting illustrations for magazines. This internship was a pivotal moment that honed my skills and fueled my passion for design.

Additionally, I produced a book detailing my internship experience and the skills I cultivated during my time with Carole Henaff. This book delves into my creative process and explores Carole Henaff's approach to design and illustration.
